Saskatoon Golf Club
Assistant Superintendent

Location: Alto, MI (a Grand Rapids suburb)

Position Available: Immediately

Salary: 34K - 41K annually based on experience

Position Length: Year Round

Course Operation: Saskatoon Golf Club is a 36-hole Championship Public Golf course with extensive practice facilities, driving range and three-hole course. The course is in the process of converting to the Toro Osmac irrigation system, which is 50% complete.

Job Description: Responsibilities include but are not limited to management of the crew, detailed course set up, chemical and fertilizer applications, documentation of departmental operations, and irrigation scheduling, installation and repairs. Toro Osmac irrigation installation and operation is a plus. Mechanical ability is required. Ideal candidates will be self-motivated, trustworthy with a positive attitude and have the ability to constructively supervise others. Winter work includes tree trimming/removal as weather allows, and working in the maintenance shop.

Requirements: Motivated and organized individuals must have a minimum of a two-year Turfgrass Management or related field. Must have or be able to acquire a Michigan pesticide applicator's license and have the ability to lead and train golf course crew members. Candidates should understand the need and be willing to adjust personal schedules and work days around the needs of the course.

Benefits: Health insurance, bonus, IRA contribution, playing rights and paid vacation according to company policy.
